Illustrative FCA Policy Summary - TRAINING ONLY

Document ID: DEMO-FCA-001. This is fictional educational material, not an official FCA publication or legal advice.

Consumer Duty

Firms should consider good outcomes for retail customers, including clear communications, product value, and appropriate support. Consult current FCA primary sources for actual requirements.

Suitability and Advice

A personal recommendation can trigger regulatory requirements. Suitability assessment and the relevant authorization and controls must be checked before regulated investment advice is provided.

Risk Disclosures

Investment values can fall as well as rise. Communications should be fair, clear, and not misleading; avoid guaranteed-return claims.

Information Gaps

If customer circumstances, knowledge, risk capacity, or objectives are missing, do not fabricate them. Escalate to an appropriately authorized human adviser.

Source Verification

For real deployments, use current FCA Handbook and FCA Consumer Duty publications as primary sources; record source URLs, version dates, and review dates.
